Pupil Support

Dear Parents,

We hope you and your children had a lovely summer break, and everyone is settled back into school routines.

As the term begins, we would like to share with you the developments and processes that will happen at Blackbrook School, in order to support pupils with Special Educational Needs this term.

We hope that the start to term is going smoothly. Please do speak with your child's new class teacher if you have any immediate concerns about your child's return to school. Class teachers will be meeting with the SEND Team later this month to discuss your child's start to term and general provision to meet their needs, so do let them know if there is anything important to share at this point in time.

Kelly, our Pastoral Leader, has been observing children in their new classes, and offering support where this is needed.

In addition, teachers are working this year to develop 'adaptation passports' that will ensure all staff working with pupils with additional needs have an even better understanding about what is important to the child and how adults can best help the child.

More information about our SEND systems can be found on the school website.

We look forward to continuing to work with you to support your child this year.

Best Wishes,

Mrs Steed
