18th June 2025

Bike Maintenance training

Dear Parents,

Taunton Town Council is funding schools "Safe cycling project" in 2025, delivered by the local bicycle recycling charity, On Your Bike.

This free session will take place during the school day for all **Year 5/6** students at Blackbrook.

The session will cover essential bike safety checks, an overview of bike components, a puncture repair race, and an interactive quiz. The initiative promotes safer cycling, and any bikes brought in by students will receive a safety check, with minor repairs and adjustments made as needed. The goal is to improve bike safety, encourage cycling, and support sustainable travel and healthy lifestyles in our community.

Your child is welcome to bring their bike on **Tuesday 8th July**, but it is **not** required. We will store any bikes brought in for the session in the quiet area of the playground. The session is for all children in year 5/6, even if they do not have a bike. Aprons will be provided for the pupils to wear during this session.

If you have any questions, then please contact me via Dojo or in person. Many thanks.

Best Wishes,

Selina Shaw
