### **Tapestry – An Online Learning Journal**

Dear Parents,

Having used Tapestry for a couple of years, we have chosen to use this online system of recording your child's learning in Foundation Stage. Tapestry is a website which can be accessed on a computer or laptop, and also on any Apple or Android device such as a tablet or smartphone. We have chosen this company because they are a secure and interactive way of keeping track of your child's development and their time with us.

We will be able to instantly upload photos, videos and observations of your children. You will be able to log on and view what your child has been up to, add your own comments to entries.

The safeguarding of our children is very important to us. Everything that is added to Tapestry will be added to our school account and can only be viewed by school staff that use the system, and yourself, using your own log on. You will only have access to your child's own book, and this cannot be seen by other parents. Also, it is crucial that you do not share photos or videos from your child's book on social media or through other online platforms because other children may be visible in the background.

On the back of this letter, you will find some Frequently Asked Questions about the system. I would also like to signpost you to Tapestry's website where you will find lots of information and videos:

<https://eyfs.info/tapestry.html/>

Please log on to Arbor to give consent for an online Tapestry Learning Journal to be created for your child. This can be accessed from your child's profile page.

If you have any further questions, please do not hesitate to contact me.

Best Wishes,

Miss Matthews

EYFS Lead

## **Frequently Asked Questions:**

### **Why use an online system?**

Handwriting observations, printing out photos, cutting out and sticking all of these into a paper book is very time consuming. By taking photos and videos that can be instantly uploaded this increases the time that staff can spend with your children, supporting their learning.

We were also impressed with the way in which parents can instantly see what their child has been up to and can also share it with family members such as grandparents.

### **How do I get onto the system?**

If you consent to us using Tapestry for your child, school will set up an account for you and provide you with log on details.

It is available as a free app from the Apple Store and also on Android devices.

We will ask you to provide us with an email address so that we can set you up a personal account. This will be a secure way of logging in, and you will only be able to see your own child's book.

### **I don't have a computer, laptop, tablet or smartphone. How can I access Tapestry?**

If you are unable to access the Internet on any device at home, then you will still be able to access your child's book by arranging a mutually convenient time with your child's teacher / key person to come into school. You will be provided with access to your child's account and support if needed.

### **I am not very confident with computers or the Internet. How can I access Tapestry?**

One of the reasons for us choosing Tapestry was ease of use. It is a very easy system to use, but should you have any problems, a member of the Early Years Team will be happy to support you.

### **Why do you need my email address?**

Your email address is required in order to set you up with access to your child's account. It is to ensure security on the site and also so that we can email you when a new entry has been added for your child.
