### Community Engagement Project: School Library

Dear Parents,

**Are you a builder, decorator or tradesperson with a few hours to spare for your children's school?** We are investing heavily in our library thanks to the Friends of Blackbrook School and we need some help to redecorate this space. We are making provisional plans to open the school from **Saturday 27<sup>th</sup> July until Tuesday 30<sup>th</sup> July** with copious cups of tea, coffee and cakes available. If you are able to help, please complete the form below stating times and dates available and professional skills you are able to offer. **If you cannot help with your time, perhaps you can support us in other ways.** If you have any contacts with businesses looking to support this local community project with funds, furniture or even decorating supplies and equipment, please let us know. Many thanks for your continued support. We are really looking forward to embarking on this project, and for our pupils to have an inspiring and engaging school library.

[Click here](#) to complete a quick form to let us know if you may be able to help us.

Best Wishes,

Mr Seviour and the SLT team
